

## You Can Make a Difference

Dear Friends,

Activist judges have removed prayer from schools, protection of the unborn, and the Ten Commandments in court rooms!

As we get ready for a new election, help us put a stop to the removal of conservative values in our state. **Why vote?**

1. Low turnout elections present a dangerous peril because a handful of voters determine the outcome.
  - a. **Non-presidential elections in Texas historically have turnouts of less than 30%.**
  - b. A small, dedicated, well organized, and well funded faction like the homosexual activists can have an excessive impact.
2. **The keys to winning for pro-family supporters are:**
  - a. **Identifying supporters** by name, address, phone number and email.
  - b. **Making sure supporters turn out to vote.**
